Motivated and detail-oriented Computer Science student seeking a full-time opportunity to apply my programming knowledge, problem-solving skills, and academic background in a professional environment. Eager to contribute to software development projects, support organizational goals, and gain hands-on industry experience.

## SKILLS

- **Database:** MySQL
- **Programming:** HTML,CSS, JavaScript, Java, Advance JAVA, Spring Boot, Hibernate,OOP, C
- Git & GitHub, Full Stack Web Development
- Problem solving, Active Listening, Empathy, Creativity,Adaptability,Team Player.

## EDUCATION

### Bapuji Institute of Engineering and Technology

Bachelor of Engineering - BE, **Computer Science (CGPA : 8.3)**

Davangere,karntaka

Graduation year-2025

### GOVT PU COLLEGE

senior Secondary High school,(Percentage 85%)

Kadur,karntaka

Graduation year-2021

## PROJECTS

### • Hospital Bed Slot Booking System

Developed an Automated Timetable Generator reducing scheduling conflicts by 90% using Java & MySQL." database. It includes features of checking the availability of beds in hospitals, allotment of beds for patients and display patient details to book bed slot for patients.

### • Automated timetable generator using genetic algorithm

This System which is HTML, CSS, Java and MySQL. This project aims to develop an automatic timetable generator for educational institutions using genetic algorithm. And it can generate timetable for number of sections of same semester along with provided subjects.

### • Product Review Sentiment Analysis

This system created with UiPath, UiPath AI Center and Excel-Sheet. The primary purpose of this project is to analyse customer reviews to determine the sentiment expressed whether positive, negative, or neutral. It helps in businesses gain insights into customer opinions, improve customer satisfaction, and refine marketing strategies.

## INTERNSHIPS

### • Soft Skills, Java Basics & Android App Development

45-day instructor-led training by Genesis Training  
Learned Java programming, Android app basics, and soft skills.

### • Java Full Stack Development

1-month instructor-led training by Destination Codegnan, Bangalore  
Learned front-end, back-end, and database using Java technologies.

### • Java Full Stack Development -JSpiders (Ongoing)

## CERTIFICATIONS

- Java Certification Course

Issued by SkillUp

- SQL and Relational Databases

Issued by IBM

- step into RPA(Robotic Process Automation)

Issued by UiPath
